SPIRAL OF GRATITUDE

A CHILDREN'S WORKSHOP

A week-long journey exploring the practice of gratitude through story, song, movement, healthy food, creative arts, and labyrinth engagement

June 24 - 28: 9-12 years old

July 15 - 19: 5-8 years old

offered by:

Emmanuel Episcopal Children & Family Ministry

Cultivating a Practice of Gratitude in the context of community, creativity and fun!

Engaging body and mind

Some of the best lessons are learned through play!

We acknowledge the spiritual dimension present within all children. The Spiral of Gratitude Workshop aims to provide one way to gratefully connect with the mystery we call God.

WHAT ARE PEOPLE SAYING?

"You could tell how much planning went into every detail and it so showed. I was so impressed how every craft was so thoughtfully laid out and just right for the kids ages. Storytelling was great and the right time length. Snack was thoughtfully prepared. Every person there was so attentive to every detail. It was a joy to go to for all. I've been to a LOT of classes and this was by far the best prepared and executed. Plus, everyone was so sweet."

Written comment from a mother whose child attended 2012 workshop.

Stories help stir the imagination

Encouraging individual creativity

There is always time for laughter!

Emmanuel Parish, founded in 1885, is home to the permanent labyrinth, created in 2011 for the entire island community and beyond. Designed after the labyrinth in Chartres, France, Emmanuel's labyrinth is a place for children and adults alike to explore the inner path.
